

# RESPONSIBLE ONLINE BEHAVIOUR POLICY

## PURPOSE

### Background

Melbourne Montessori School acknowledges that technology and social media is a significant aspect of many people's lives. When used in a positive manner, social media are effective and efficient vehicles through which to:

- Organise one's social life and keep in touch with friends
- Collaborate on school projects and co-curricular activities
- Broaden knowledge and pursue interests (academic, personal and civic)
- Keep up with changing technology and current entertainment (music, playing games etc.)

Members of the Melbourne Montessori School community are required to act ethically and responsibly in their use of technology and social media when such use relates to, or may impact on the School or other members of the Melbourne Montessori School community.

It is expected that the values of respect, fairness, responsibility and honesty are demonstrated in communications and actions at all times. Specific behaviours aligned with these values are outlined in the Staff Charter and Children's Charter. All community members should view these documents prior to enrolment or employment.
